Denies the Statement and Asks a Cor rection.

(To the Editor of the Interior Journal.)

In the last issue of your paper appeared a statement from your Brodhead correspondent, which is an absurdity and an untruth. And to prove to the world that the statement is an untruth I give his words and reason therefrom:

Mr. Thos. Austin, U. S. D. C., told me that he had left 20-odd barrels of whisky at Mr. Bethurum's warehouse and that he had the key and that when he went back to see about it 'twas all gone except one piece of a barrel."

Now Mr. Austin did not tell your honored correspondent any such a thing for he is too much of a gentleman to make any such remark. The records of his office show that I have not been engaged in the business of distilling for more than two years. With respect to your correspondent and justice to myself I ask the gentleman to rectify this at once. D. P. BETHURUM.

Kenneth Pazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. Lincoln's horses was largely and well represented. Mr. J. E. Farris had a string of them, J. F. Cook had two and banging and yelling will do no good. Tom Napier and Joe McClure, of the East End, had several. Mr. Farris showed his yearling filly, Susie W., by Eagle Bird, dam Mollie Mounce, in the combined ring but by some means the judges saw fit to let her go with the red tie, notwithstanding the kick the audience made against it. Afterwards she was shown in her own ring and easily defeated the field. She was the subject of much favorable comment. Mr. Farris took four ties, Tom Napier won the pacing race with the sorrel horse A. T. Nunnelley once owned. Jesse Cook got three ties and Joe McClure two.

One of the most interesting rings was 'the best lady rider." Lincoln county was again in luck and handsome Miss Mayme Lynn won the pretty gold watch offered by the association. Miss Mollie, the lovely little daughter of clever Capt. Frank Riley, got the red tie. Both of the young ladies acquitted themselves very creditably. Mrs. John Bastin, formerly of this county, took the premium in the fancy turnout ring and Mrs. Dr. Jackson Givens, whose husband lived in this county until a few years ago, took the blue tie for "the best lady driver."

A delightful hop was given Thursday night at the Riley House in honor of the visiting ladies, who were present in large numbers. Refreshments were served at the proper hour and nothing was left undone that would add to the pleasure of those who were fortunate enough to attend.

I am under lasting obligations to President W. L. Brown, Secretary C. R. Baugh and Director R. M. Jackson for courteous treatment. They are the right men for the offices they fill and the success of the fair is not a little due to them.

I am glad to be able to say that our SPRING AND excellent correspondent, Mr. John Pearl, will in the future be much more prompt in writing from this place. E. C. W.

THE income tax law of 2 per cent., on incomes of \$4,000 and over, provides that will be levied on incomes of 1894. They enbrace two classes, incomes of individuals and of corporations. The taxable income of corporations is that above its operating expenses, of \$4,000 and over, and must be paid before dividends. Charitable, religious and educational corporations are exempted, as are State, counties, municipalities, building and loan associations, certain savings banks and mutual companies. Besides the \$4,-000 not taxed, the exemptions allowed individuals are the necessary expenses of conducting a business, all interest paid or due within the year, local taxes, losses in trade or from fires, storms or shipwreck, not compensated for by insurance or otherwise; worthless debts, and income on which the tax has been paid by corporations. Every person having an income of \$3,500 must report it to the collector of internal revenue for his district, or his deputy. A 50 per cent. penalty is to be charged for neglect or refusal, and 100 per cent. penalty for fraud. Corporations will be fined \$1,000 for failure to file statements and 2 per cent. a month on amount of tax due till paid. The tax is payable July 1. If it is not paid within 10 days after that a penalty of 5 per cent. is to be charged, together with interest at the rate of 1 per cent. per month. The banks are the only corporations here that will have to pay, but several farmers and others will have to come to time.

MATTERS OF INTEREST TO THE UP TO DATE WOMAN.

Fashion, Fads and Foibles-A New Trade For Women - A Woman's Specialty. Sketch of Mrs. Kendal-Her Housekeep-

It seems that women are not the only ones who devour sensational literature. There must be a tremendous audience of men and boys throughout the country for writers of the daredevil books where the hero, unarmed, easily vanquishes 20 outlaws and where the detective surprises one by stepping from Europe to the Rocky mountains just in time for an important arrest, although how he manages it is a mystery to you. There is a new trade for women, and one as dainty and fitting as it is remunerative. On Broadway, at good distances apart, there are three windows which "bloom like the flowers of spring." Her methods of housekeeping are worth a hearing. In every room of her beautiful home she keeps a slate and pencil. This saves all possible jarring, nothing is forgotten, and there is a dignity to it which a conscientious servant is sure to respect.
